Thank you for the introduction. We have several EPA people arriving in separate cars. Most of us have attended the Symposium before, so will not need an escort (although we appreciate the offer!). George Pavlou will not be using a Power Point presentation.

We look forward to the event and appreciate your organizational efforts.

Subject: Passaic River Symposium

Hello,

Hope this email finds you well.

During the day of the Symposium, a graduate student has been assigned to your agency as a host for the event. I am writing to introduce you to Natalie Sherwood. Natalie can be reached at 973-735-3293. Please feel free to give her a call when you arrive at MSU. Deputy Administer has been provided with a special parking space in front of the conference building. If you will be arriving separately, Natalie can greet you at the Red Hawk parking deck and escort you to the Symposium. Please do not hesitate to ask her if she could be of assistance in any form.

May I suggest you send me Deputy Administer Pavlou's powerpoint if there is one, so I can load it onto the computer ahead of time?

Look forward to seeing you at the Symposium.
Meiyin
